12. REPORT(S) OF MARINE ACCIDENTS/INCIDENTS UNDER INVESTIGATION:

12a. M/V FRONT THOR (Marshall Islands Registered Tanker, Built 2010) 11 May 2024. Vessel was letting go lines when there was a power loss due to a generator failure. SHP Andrew Glassing was on board but had not assumed the conn. Coast Guard was notified. Lines were put back out and repairs made. Vessel sailed on 12 May 2024. Continued on the docket.

12b. M/V STELLA (Panamanian Registered Containership, Built 2004) 10 May 2024. After backing out from Berth #57 Port Newark under the assist of 3 tugs, the docking pilot Captain Den Barsch ordered a dead slow ahead bell but there was no response from the engine using bridge controls. Engine control was given to the engine room and the vessel was able to proceed to Stapleton Anchorage with tug assistance where repairs were made to solenoid valves. SHP Captain John DeCruz was on the vessel but had not assumed the conn. The Coast Guard was notified. The Vessel departed New York Harbor on 11 May 2024. Continued on the docket.

12c. M/V MSC MERAUVIGILIA (Malta Registered Passenger Ship, Built 2017) 5 May 2024. SHP Captain Robert Dobrowolski boarded the MSC MERAUVIGILIA near Ambrose Pilot Station and proceeded inbound to Pier 12 Passenger Terminal in Brooklyn. After the Captain assumed the conn for the docking maneuvers, the forward mooring station reported a whale carcass wrapped around the bow. The Coast Guard was notified. Continued on the docket.

12d. M/V ANTWERP EAGLE (Marshall Islands Registered Bulk Carrier, Built 2015): 15 April 2024. While transiting outbound New Haven Harbor, under the conn of LIS/BIS pilot Captain Matthew Stevens, the M/V ANTWERP EAGLE lost main propulsion. It regained propulsion approximately 1-2 minutes later and the Vessel remained in the channel. Additionally, the port anchor failed to let go at the anchorage and the starboard anchor had to be walked out under power. The Coast Guard was notified and the vessel was safely anchored in New Haven North Anchorage. Continued on the docket.

12e. M/V MSC ALDEBARAN III (Liberian Registered Containership, Built 2008): 4 April 2024. After undocking from Port Newark Berth 57 and approximately 100 feet off of the pier, the MSC ALDEBARAN failed to respond to a dead slow astern bell. Docking Pilot Captain Richard Wood was able to return the vessel to Berth 57 with the assistance of a tug. SHPA Pilot Captain Thomas Sullivan was on board but had not yet assumed the conn. The Coast Guard was notified. It was determined that engine issue was a result of a loose electrical connection in the vessel propulsion control system. . No violation of the New York Navigation Law or the New York Codes, Rules and Regulations. No pollution or personal injury. The Board voted to close the case.

12f. M/V PORTO LEONE (Panamanian Registered Bulk Carrier, Built 2014): 10 September 2023. While under the conn of FBHRP Samuel Zapadinsky southbound in the Hudson River off of the Tri-City Yacht Club, the M/V PORTO LEONE received a call from the yacht club claiming that a wake hit their dock. The ship's Captain, chief mate, and Captain Zapadinsky investigated by observing the docks from the bridge wing of the vessel and saw no damage. At subsequent meetings, the Board continued to review the incident. The Board issued its Opinion and Order on 23 April 2024. Continued on the docket.

12g. M/V EAGLE TURIN (Singapore Registered Tanker, Built 2008): 5 August 2020. This

incident involves the tragic fatality of FBSHP Timothy Murray resulting from a fall off a pilot ladder and onto the Pilot Launch AMERICA while boarding the M/V EAGLE TURIN at approximately 2230 upon its arrival at Ambrose Pilot Station. The P/L AMERICA then immediately proceeded back to the Pilot Boat NEW JERSEY (a three-minute transit) to pick up medical supplies, a stokes litter, and crew with paramedic training before departing for Staten Island. The U.S. Coast Guard, New York City Fire Department, and New York City Police Department were all notified. Crew personnel administered CPR and used the AED unit while proceeding to Staten Island. New York City Police Department Personnel were waiting at the Sandy Hook Pilot Base where Captain Murray was transferred to an ambulance and taken to Staten Island University Hospital.

After the incident, the EAGLE TURIN proceeded to anchor at the direction of the U.S. Coast Guard. On the morning of 6 August 2020, FBSHP Kevin Walsh piloted the vessel to Stapleton Anchorage where a further investigation ensued with the U.S. Coast Guard, SHPA, and Executive Director Garger.
